Let's Communicate

At the beginning of the school year, it was decided by the administration that communication was a badly needed instrument here at Homestead. Acknowledging this problem, they set about organizing periodic public meetings titled "Let's Communicate." These meetings greatly improved communication between the citizens of Mequon-Thiensville and school administrators.

The Tartan staff felt that this cause was of enough importance to be included as the theme for the 1977 Tartan Yearbook. With this in mind, we have structured this year's yearbook around means of communicating such as television, films, the telegraph and the telephone. You will find these mediums of communicating throughout the yearbook in very symbolic messages.

So, let's go ahead with the matters at hand, but more important, let's communicate.

ONE DAY AT A TIME

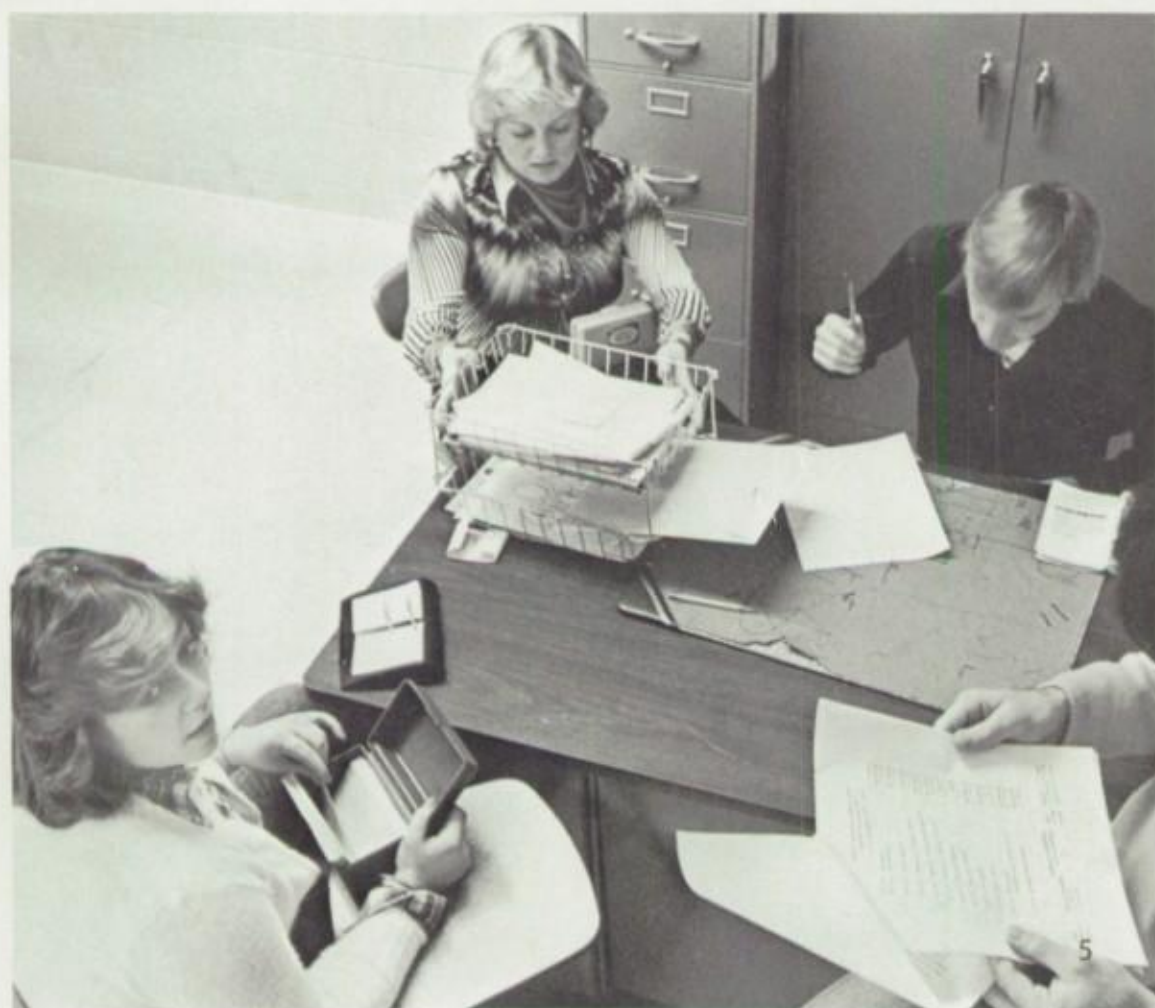

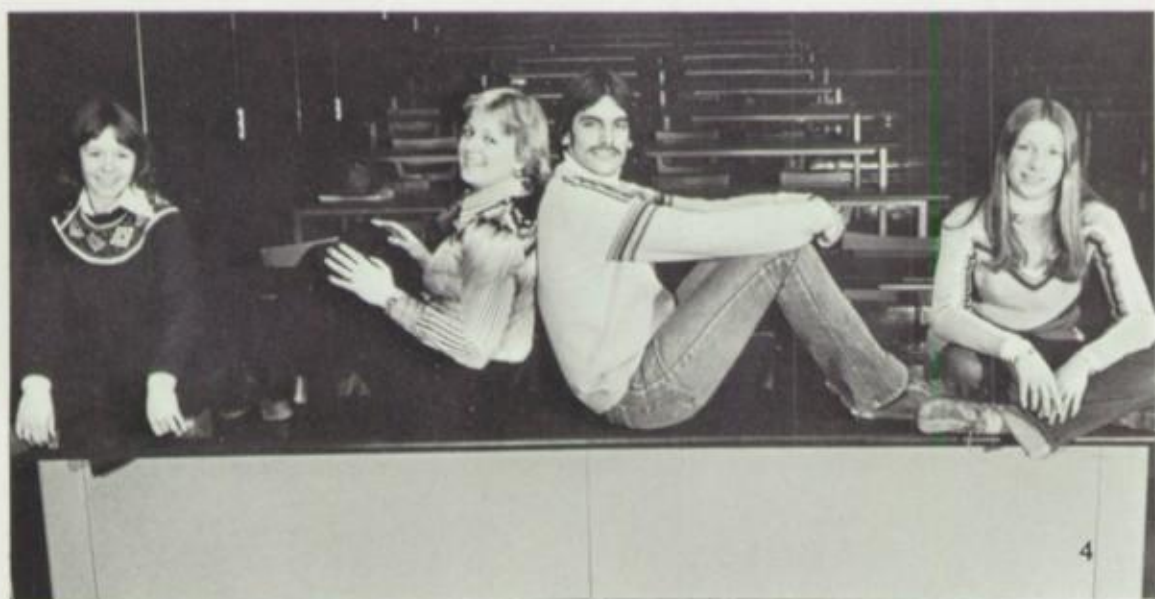

(Far Left on Page 8)

1. WALK FOR MANKIND. Several Homestead students participated in the 1976 Walk for Mankind, held on October 16. The weather was bitter but the cause was certainly worth it.

2. This is the Lecture Hall East where some of the student council meetings are held. Here President Bill Kaemmer discusses new business. Everyone with free time during the scheduled time of the meetings is welcome and encouraged to attend any and all of the council meetings which are held at least once a month. Such things as Student Exchange, Cafeteria Procedures, and Dance Schedules are always being reviewed and discussed. So bring yourself and your ideas!

3. STUDENT COUNCIL STUDY HALL. Council study hall is held first hour in rooms 905 and 911. Not all council members have it, although to the ones that do it's really helpful. During this hour posters are made, announcements are written up and projects are discussed.

MEETING OF THE MINDS

1. 1976-77 Student Council Officers - S. TeSelle, Secretary; B. Kaemmer, President; P. Rukavina, Treasurer; C. Zancig, Vice President.

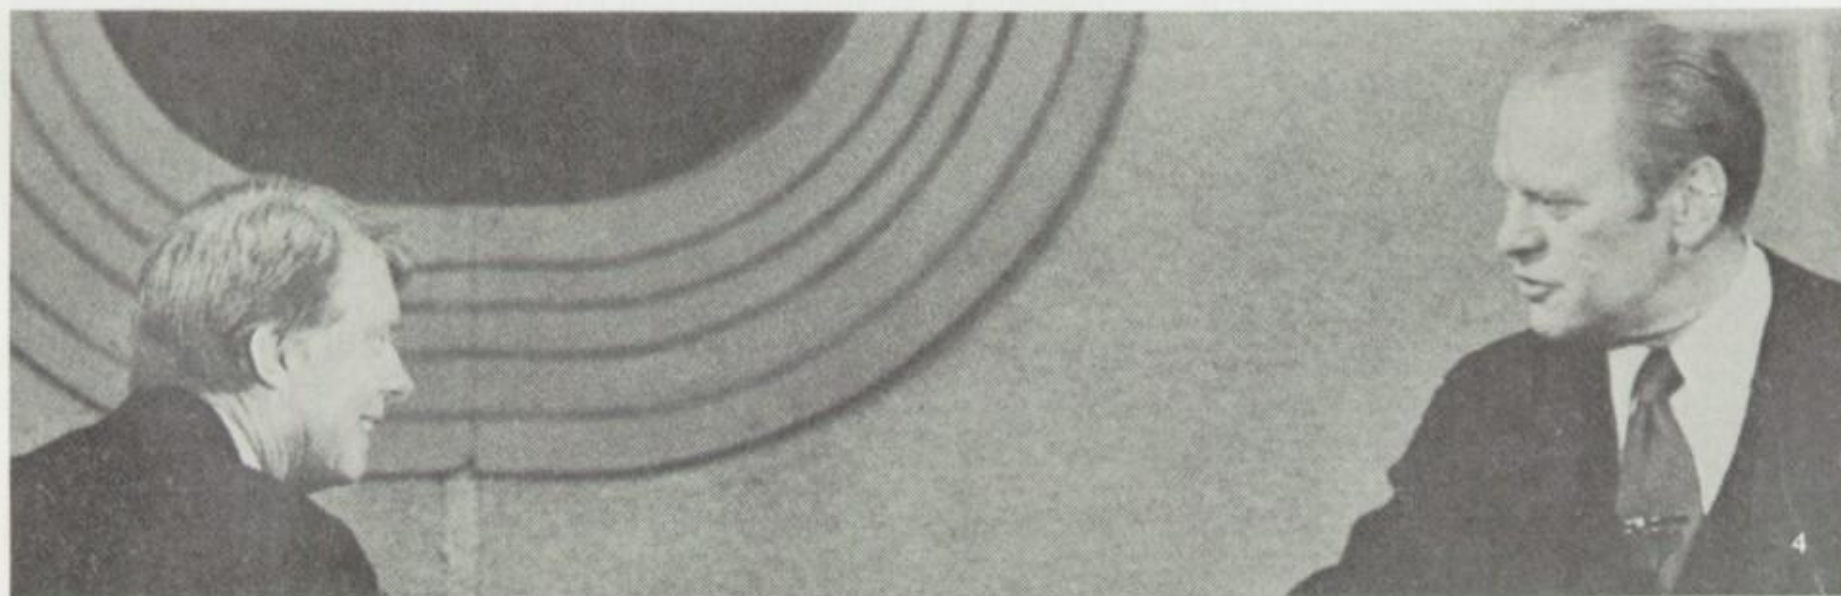

2. Junior Class Officers - Top; W. Raymond, President, De Behnke, Vice President, Bottom; L. Reuter, Secretary, B. Abraham, Treasurer.

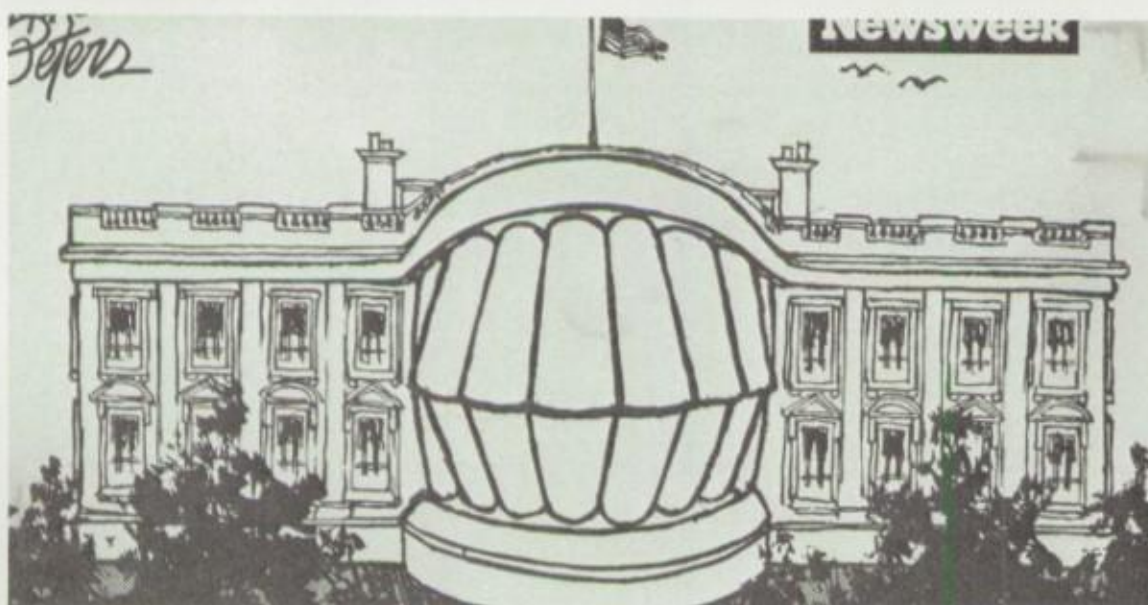

3. On October 2, Homecoming Day, The class of 1976 presented their class gift - a maple tree in memory of Simon Frank who, after his death in December of 1975, willed almost his entire estate to Homestead High School. The estate was placed in a trust fund from which the proceeds are used for scholarships to be given to the graduates of Homestead. Homestead High School is very grateful to the Frank Family and to the class of '76 for planting this tree in his memory.

4. C. Cooney, Treasurer; S. Vogel, President; J. Marita, Vice President; K. Popp, Secretary.

5. Every morning during student council study hall six council members are sent out to check for non-stickered cars in the parking lot. It's called lot check and everyone hates it but it has to be done because it's a privilege that can't be abused. Those six people copy down the type of car, the color and the license plate number which is then brought in to be looked up in the files so the owner of the car in question can be told of the sticker rule. Seated around the lot check desk are - S. Carnaroli, S. Vogel, and P. Alexander Parking Lot Chairman.

6. Advisors Mrs. Laine and Mr. Brown, Thanks!

CAMPAIGN '76

In the homestretch of the 1976 presidential campaign between Gerald Ford and Jimmy Carter, Ford said that he would pull off the "political surprise of the century" by beating Carter. Ford had already narrowed the margin between him and Carter since the summer conventions to a one point lead in the Gallup pole survey. The race was so close on election day, that depending on who you asked, both Carter and Ford were winning.

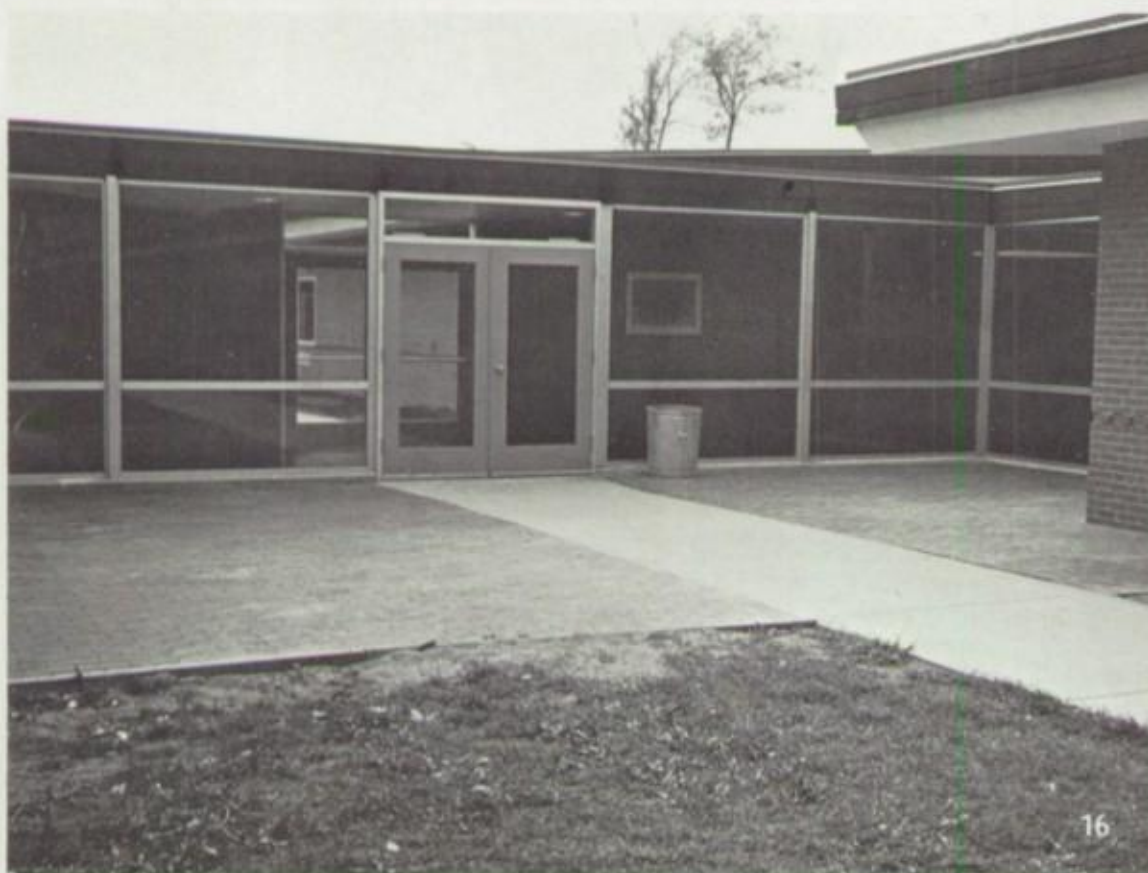

Finally, on election night, Ford's political surprise" never materialized. As the night passed away, it was clear that Jimmy Carter was our new president.

On the morning after the election, grim faces showed up at Homestead. Students and teachers alike stayed up until as late as three a.m. to find out the final results. The week before the election, Homestead held its own election. Ford had clearly won over Carter.

HAPPY DAYS

Outdoors Commons

Happy days are here again as Homestead students buried their troubles in the outdoor commons. Bricks were donated by the Vanderveers and labor was provided by volunteers. It took a couple of weekends to accomplish, but finally the students finished bricking in surfaces that would not be affected by the weather.

Spirit Week

In the week before the grand and glorious Homecoming, welcoming back alumni and encouraging fearful football players, "Almost Anything Goes" as students and teachers alike strive for the title of the proudest, most spirited individuals or perhaps the most daring. The gun sounds and the race begins!

T-shirt clad students parade the halls and for a little formality and maybe a step to dress up their attire or just lessen the Monday blahs, carnations are purchased, pinned and proudly displayed. And how many of us have always had the urge to look like someone else? Well, Tuesday, or Twin Day, most aptly filled your desire. You could dress like your best friend, your ugliest friend, or maybe even...Alice Cooper? Of course with mounting pressures such as WILL I be asked, WHEN will I be asked, and WHO will ask me?, you can't take anything too seriously and the opportunity arose on Wednesday to revert to your youth and be "kid for a day". On Thursday, well, Thursday leaves nothing to be said but that it was an "Overall Success". By Friday even Arthur Fonzarelli,

more commonly known as Fonzie, would have felt at ease. The feeling of the fifties resounded and again the fragrance of fresh flowers lingered in the air. Everyone -- the girls in bobbysocks, pleated skirts and letter sweaters and the guys in grease and chains -- seemed to enjoy the nostalgia. And as the last sign was removed and the last good luck cheer shouted, we tearfully closed on the 1976 Homecoming Spirit Week. But underclassmen never fear; there's always next year.

THE BIG EVENT

Homecoming Parade
"76 trombones led the big parade..." and many wonderful acts followed as the 1976 Homecoming parade began its procession along the tree-lined streets of downtown Thiensville. Crowds gathered along the route, tossing words of encouragement to the marchers. The Indian summer weather contributed warmth and spirit to the festivities of the day. Each class displayed their talent and artistry in the construction of floats. As the band's music traveled harmoniously through the air and Homecoming candidates radiated beauty to all passerbys, the parade proved to be an outstanding success.

MASH

At 2:00 p.m. Saturday, October 2, 1976 the Homestead Highlanders took on the Hamilton Chargers in the battle of the reds. The weather was what you could call warm but the Highlander football team was red hot. By halftime the Mighty-Highlanders had the Homecoming "76" game all wrapped up -- they lead the Chargers by a score of 14 to 0. In the second half both teams scored but the final end attributed the Highlanders with a victory -- the final score being 20 to 8. This is the first year in no one knows how many years that Homestead High School has won a Homecoming game. The excitement of victory contributed to making the entire day a great success.

SATURDAY NIGHT LIVE

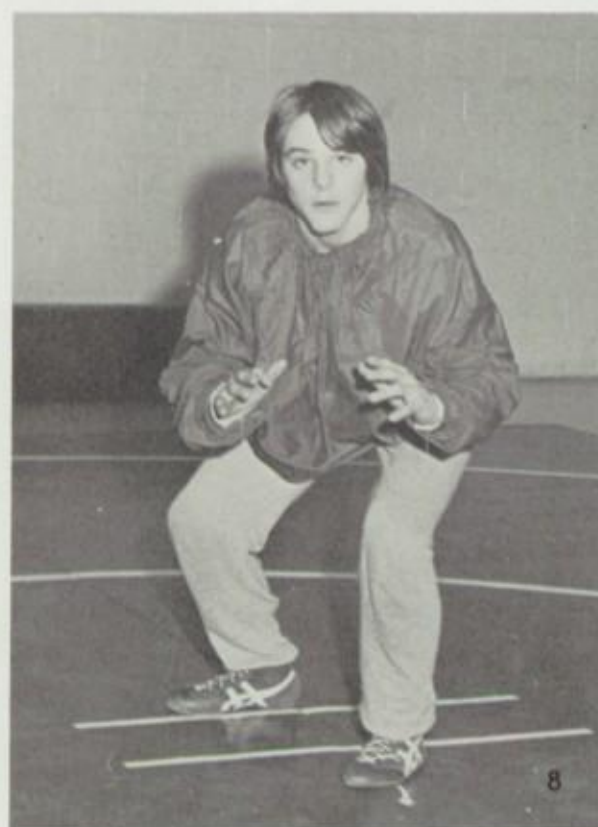

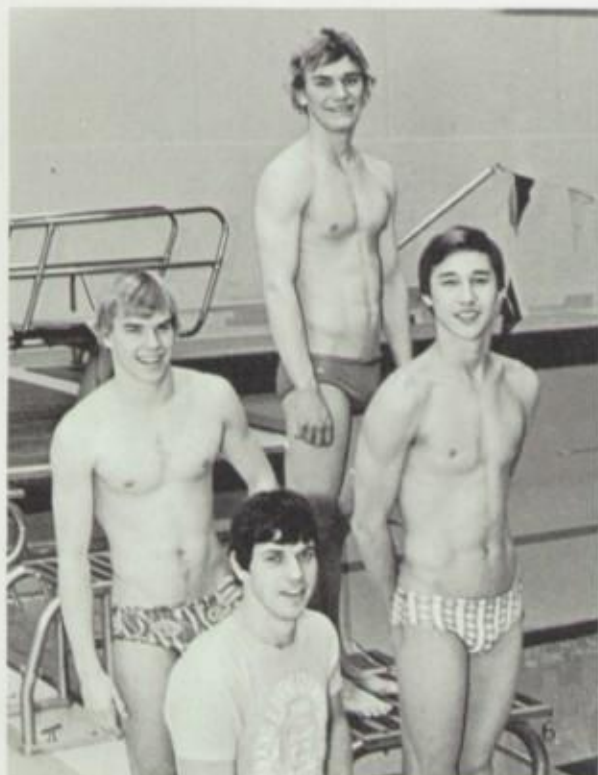

After the Highlander's victorious afternoon the Homecoming "76" Dance was in full swing. The music of the Louisville Sluggers was an addition to all the excitement and truly made Saturday Night come alive. This was the most successful Homecoming ever. It had the largest turnout in Homestead High School history -- nearly 300 couples. The air of the gymnasium was filled with the faint odor of perfume and corsages. It was a very memorable ending to a very sentimental Homecoming.

ANOTHER WORLD

KANJANA NAKACHAI

"It is a great experience to me for coming to United State this year. It's hard to adjust and change at the first beginning, but later on everything is getting better and better until it becomes acquaintance to me and a part of my life. It's important for me to learn how to live in another country. And I hope I'm doing pretty good job in adjusting myself with my family and school here. And I'm glad to go to Homestead this year. All the teachers and my friends are so nice to me. And I couldn't forget forever."

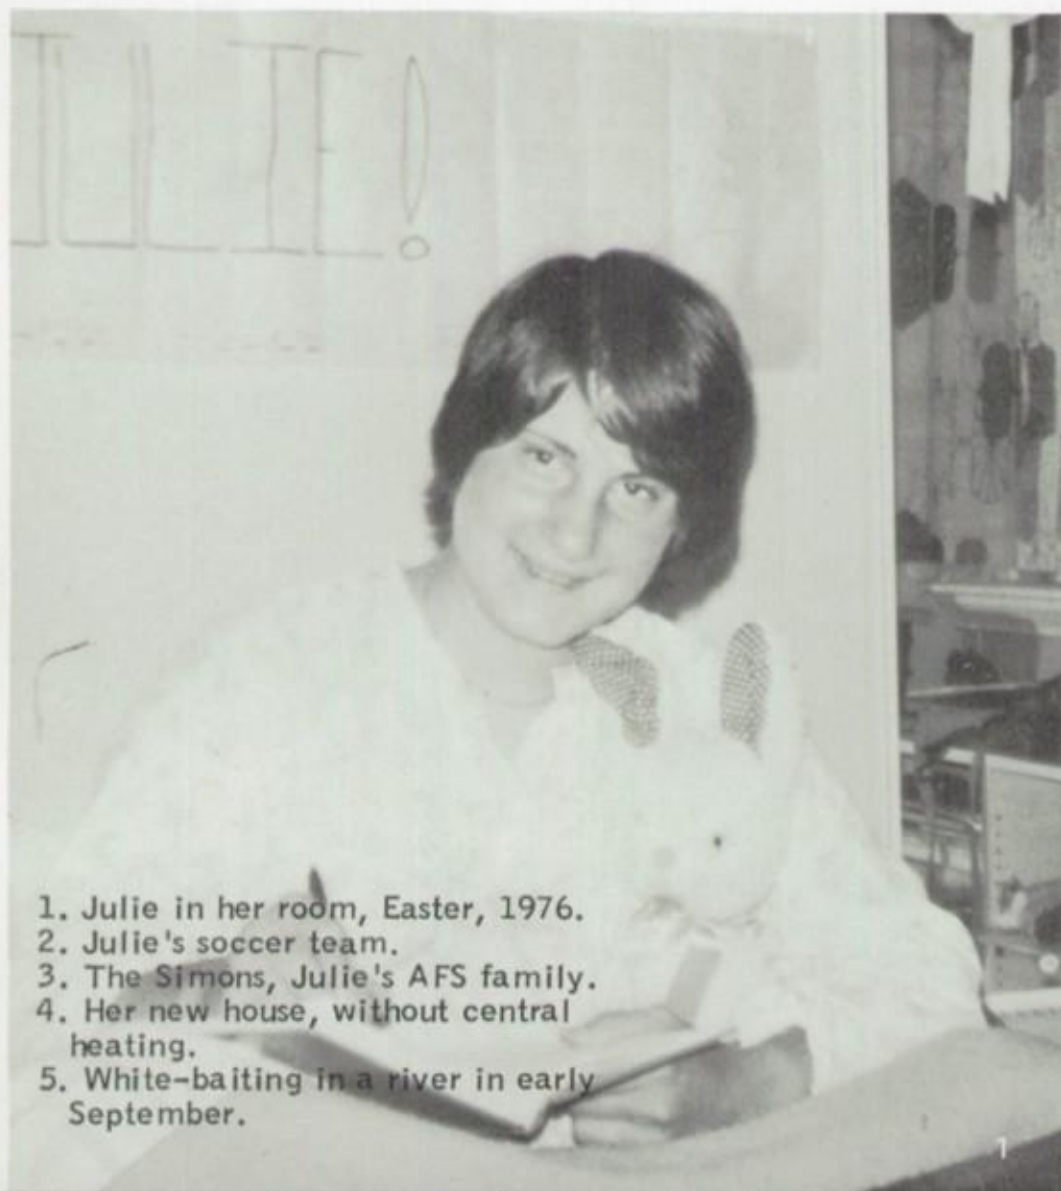

WENDY BROOKS

In England, I came from a family of 2 sisters, a brother, my mother and my father—who is a butcher. I left last summer after taking my exams in school. Homestead is very different from my own school which was all girls and about half the size in the number of students. There are many opportunities and facilities here and I think that the school has a lot to offer—however much everybody complains about it.

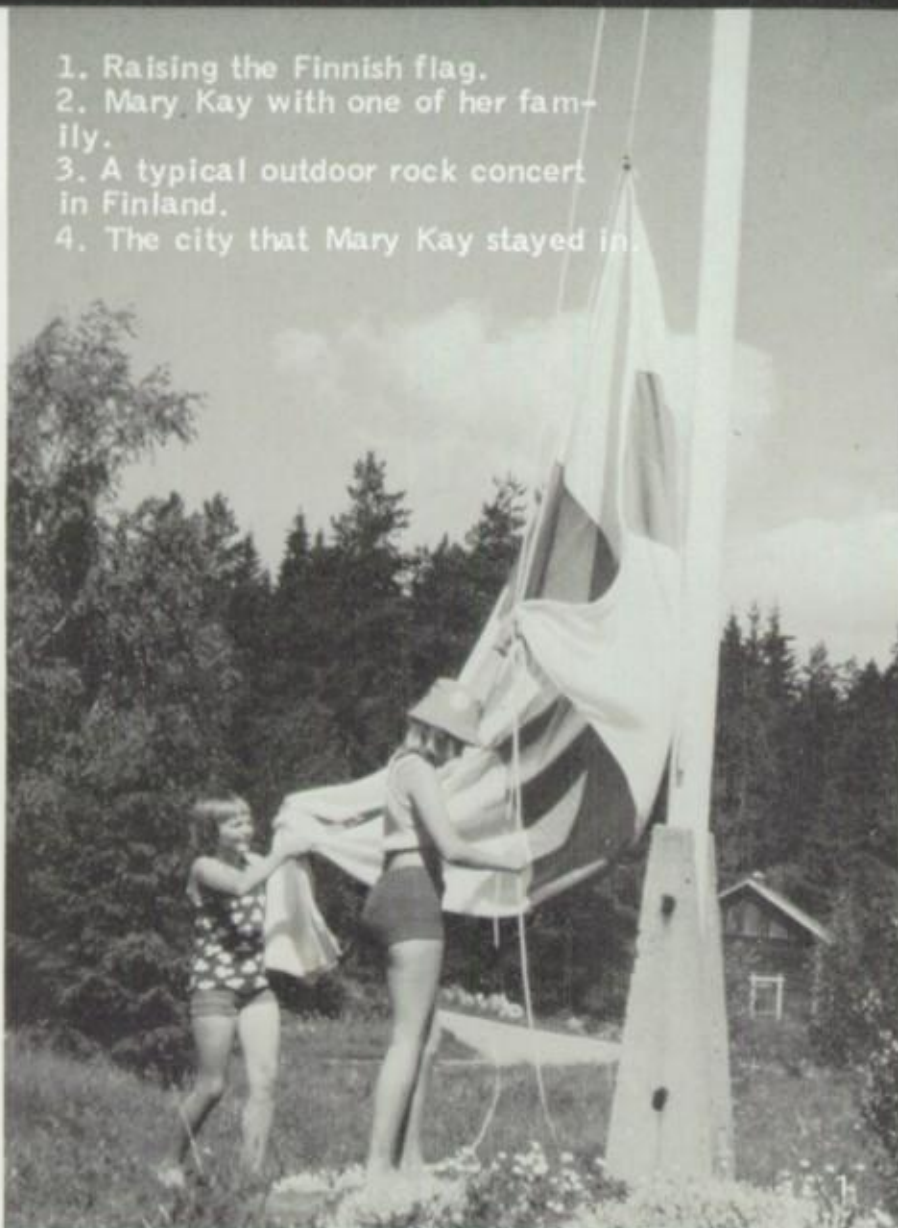

My hobbies include dressmaking, cooking and going to the pubs (that is, when I'm in England). Since I've been in America, I've become hooked on other things—McDonalds, pizza and spaghetti! I had never eaten them before I came here and now I'm addicted.

A.F.S. is a really incredible organization. I'm so glad that I had the opportunity to experience living with a different family; making friends and learning a terrific amount about the American way of life.

THE BIG BLUE MARBLE

JULIE KOHLER

Who would have thought a year could pass so quickly. My year was packed with so many exciting experiences, there was no time to think about time.

I went to Sacred Heart Girl's College where I had to wear a school uniform.

My year was full of traveling. In New Zealand you can go from coast to coast in about 5 hours with a car. Meaning that you can be sunbathing in the morning and skiing in the alps in the afternoon. I've skied and tramped in the alps, swam in the sea, climbed on glaciers, seen volcanoes, swam in hot springs, white-baited in the rivers and learned how to spin wool.

As I said before, how can a year pass so quickly?

MARY KAY FILTER

This summer I spent 3 months in Finland—the land of \$36 Levi's, reindeer, saunas and Finlandia Vodka. I had the opportunity to live with two different families—one in the city and one in the country. I traveled to all parts of Finland and also Sweden. I experienced all aspects of Finnish life from outdoor saunas, to rock concerts, to Finnish discos. The memories and experiences I had in Finland will never be forgotten. Kiitos, AFS!

BYE BYE BIRDIE

"Oh life's a ball if only you know it, and it's all just waiting for you. You're alive, so come on and show it, we've got a lot of livin', such a lot of livin', what a lot of livin' to do!" Bye Bye Birdie

On Nov. 18, 1976, Homestead H.S. and Sweet Apple, Ohio came alive as Conrad Birdie arrived amid the screams and tears of hysterical teenagers. Conrad was accompanied by his manager, Al Peterson, and his secretary, Rose Alvarez. Birdie sang such hits as "Honestly Sincere", "A Lot of Livin' To Do" and "One Last Kiss" that literally brought the town down. Other memorable songs were "The Telephone Hour", "Put On A Happy Face", "Ed Sullivan" and "Spanish Rose". When the finale ended and the curtain closed for the last time, it was agreed by everyone that once again, Homestead's musical was a success.

"Bye Bye Birdie" was directed by Sonia Simonsen Cook. The orchestra was directed by Shelby Dixon and the stage crew was headed by Richard Chernish.

ONCE AN EAGLE

Lauren W. Dixon (1922-1970) was an educator, scholar, gentleman, and patriot. He devoted 22 years of his life to Wisconsin education, serving as mathematics instructor, football coach, basketball coach, and high school principal.

Mr. Dixon came to Homestead High School as Principal in 1960 and held that position until his death in 1970. During those years he played a key role in the formation and growth of Homestead, striving always to develop both curricular and extra-curricular opportunities which would benefit the students. He guided the establishment of many of the policies and traditions which our school enjoys today. Under his firm but kindly leadership, Homestead developed a reputation as one of the outstanding schools in the state.

Patriotism was an important factor in Mr. Dixon's life. During World War II he served in the South Pacific as a first lieutenant with the 371st Bomber Squadron. He was a B-24 pilot. Following the war, he remained in the Air Force Reserve and attained the rank of Lieutenant Colonel.

In choosing a symbol to perpetuate his memory, the flag of the country he so proudly served seemed altogether fitting. On December 15, 1976, the flag pole and flag were presented to Homestead by the Dixon family. May it remind all who see it of a man whose life was dedicated to the highest principles—a man ever loyal to his family, to his community, to Homestead, and to his country—Lauren W. Dixon.

MOVIN' ON

Dec. 13th & 14th, the Homestead Theatre Department's play, "The Elves and the Shoemaker," traveled to five area grade schools and was presented to over 1500 children from kindergarten through fifth grade. The classic tale of the troubled shoemaker, who is magically assisted by a trio of shoe-making elves, was very well received at Grand Avenue, St. Cecilia, Wilson Avenue Schools, Donges Bay, and Oriole Lane.

The cast included Widget the youngest elf, whom the audience adored, played by Kevin Carboni. Meg Littell, playing Finella, and John Shanahan, playing Gremlo were the other helpful elves. The shoemaker was played by Brian Walters, Marlea Mauger was his wife, and Sue Danahey their daughter, Karen. Ellen Anderson portrayed the hateful Heckla (who connived to get the shop away from the shoemaker); Angie Saultanian played Dame Margery; Adrienne White was the aging Ursula who for a time plotted with Heckla but realized her mistake in the end. Village girls were Betsy McCabe, Kim Tunney, Jenny Nelson, and Patti Bowe.

The moving and construction crew (able to break down the set, move it to another school several miles away and set it up in around 40 minutes) was: Jeff Costigan, Rose Lusk, Debra Conway, Donna Lorenzen, Sue Gibson, Anita Otey, Stephanie Young, Karen Wacholtz, Lori Eick, Rich Levo, Lori Bierman, and Peggy Quinlan. Stage manager was Jon Kiehnau assisted by Kathy Prodoehl. Traci Mencias was lighting director, and Mr. Patros producer and director.

CAPSTONE PROGRAM

Cooperative Office Occupations Program of education is a plan of instruction that prepares students for either: Immediate Employment or Continuing Education in a Technical School or a College. It is a plan of instruction where local businesses cooperate with Homestead in preparing students for careers in Office Occupation through an "earn as you learn" philosophy.

FOOD SERVICE TRAINING

The Food Service Training Program at Homestead High School will get underway with a new semester course "Introduction to Food Services" starting in January. Fifteen students are already enrolled in the course for the first year. The school year 1977-78 will see a senior level co-op program started where students may work in the community food industry and attend classes each day receiving credit for both in a supervised training program. The Food Service Advisory Committee, established last January, is working on a positive training program to benefit the students and the employers. This committee is composed of Fred Krautkramer, Boder's on the River; Gene Moore, McDonald's of Thiensville; Mrs. Connie Adamek, dietician; Rudiger Grimm, Chef from MATC; Ms. Arlene Lembke, Club Forest;

Morris McFarlane, LVEC, Homestead; and Mrs. Marilyn Stuckey, Food Service Coordinator. The food service coordinator will be contacting area food operations to explain the program and recruit possible training stations for the school year 1977-78.

JUNK FOOD JUNKIE

This year Homestead increased its lunch facilities by adding a "junk food" line. Yet, it doesn't seem fair to call all the food in the "junk food" line "junk." Some of it really is nutritional; for example, fruit, milk, and yogurt are available. So now, if you're bored with your own blah brown baggies, or you turn your nose up at the institutional hot lunches, or you're just too lazy to fight the crowd in the ala carte line, you can feast on the school's famous chocolate chip cookies.

THRILL SEEKERS

Motorcycle Safety Program
An eight hour mini-course for beginning riders makes use of eight bikes and riding equipment donated by AFL Motors of Cedarburg. During the course, many brochures on cycle safety are distributed and traffic laws and insurance information pertaining to cycles are reviewed. Finally, students take to the driving range and practice actual driving maneuvers.

Mr. Bausch

1. Gentlemen, start your engines!
2. P. Engel wants to know which way did they go?
3. G. Meske said that they went that-a-way!
4. Now, turn on the ignition.
5. Mr. Bausch is pondering the next move.
6. M. Jorgenson is wondering if he takes a right or a left at the next turn.

Mr. David Burbach taught previously for seven years at Belmont, Wisconsin, teaching Biology I and II, Chemistry and Physical Science. Here, at Homestead, Mr. Burbach teaches Biology and Science I. In his extra time, he is trying to build up the wrestling team. He feels "the students and especially the faculty have treated me super. They're great." His opinion of Homestead and communication is "It's great. Homestead has much more to offer than other schools I have visited. The communication is good. For the size of Homestead, I feel the administration is doing an outstanding job both in control and communication with students and faculty."

2. Ms. Blake taught six years at Green Lake High School before coming to Homestead. Teaching Spanish in the Foreign Language Department, she says the students' attitudes are "ideal" in an academic situation. However, during lunch hours, the students show a lack of respect towards school property. She is presently working on her Masters of Arts in Foreign Language and Literature and wants to stay on at Homestead. She feels, "Homestead has an excellent reputation for its competitiveness . . . in academics and in sports."

WHO'S WHO IN AMERICA

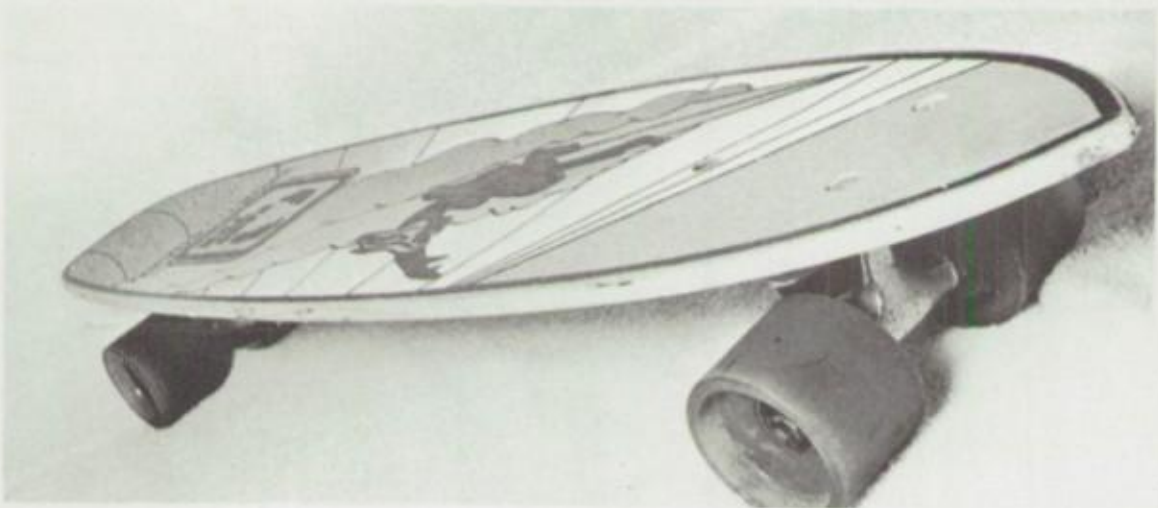

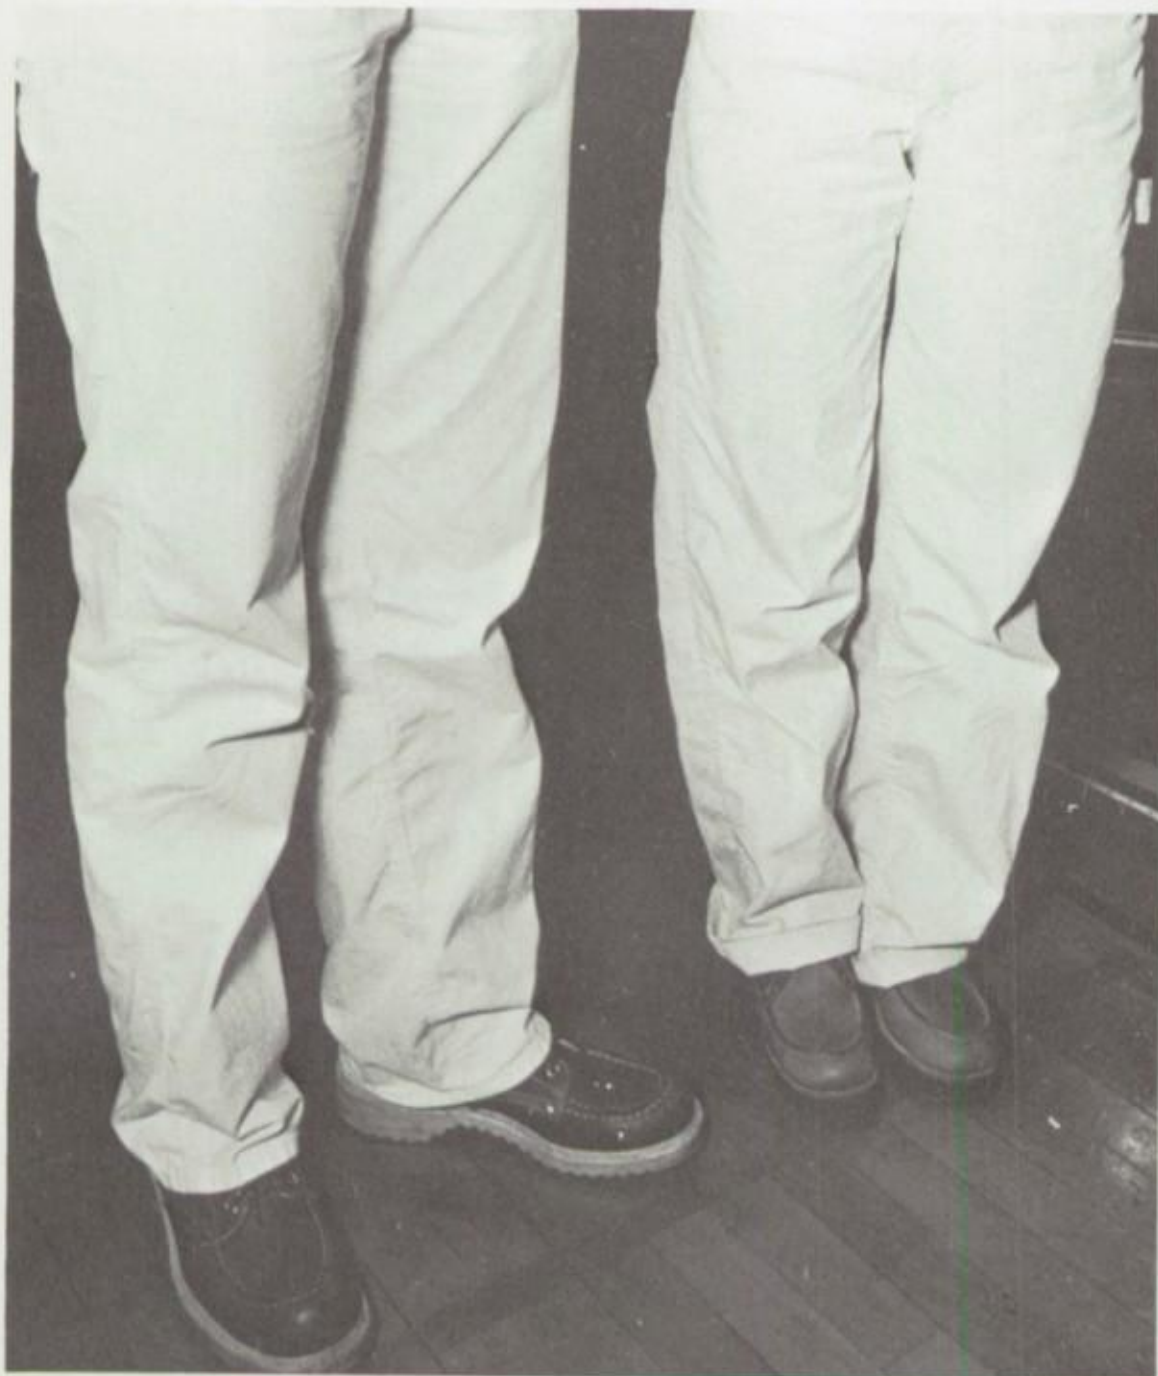

3. Mr. Judd, teaches physical education here at Homestead. He graduated from Oshkosh and is the Coach of our Gymnastics team. He plans on furthering his education after he becomes accustomed to teaching. He feels comfortable with the faculty and is just beginning to feel comfortable with the students.

4. Mrs. Michel has been teaching for eight years prior to joining Homestead's faculty in the Emotionally Disturbed (ED) Department. She feels Homestead has fulfilled her goals because she could "stretch" here, also Homestead makes her feel very comfortable. Communication between students and teachers is "pretty good, but can always be improved." The general opinion of Mrs. Michel about Homestead is "excellent school - better than most."

5. Mr. Axelson teaches metal working in the Industrial Arts Department here at Homestead High School. He feels his main contribution is re-developing the metal working courses in order to better Homestead. His main impression of Homestead is "that Homestead is much better equipped" than other schools. Also, he feels he is accepted by both faculty and students, and there seems to be no lack of communication.

6. Ms. Beauchamp graduated from Oshkosh majoring in Learning Disabilities. She is from Milwaukee and feels that she is contributing everything she has wanted to in her first year of teaching. She plans on staying with Homestead and also furthering her education. Homestead makes her feel comfortable and is a very nice school, in her opinion.

WHATS HAPPENING

This year, the fashions are chinging faster than the seasons. The different types of clothes seen are enough to furnish the cast of *Roots*. First of all, an outsider to Homestead might think that our students here are in the process of painting our halls or defending our title in a rugby tournament simply by seeing the quantity of painter's pants and rugby shirts being worn. If not that, the notion might pop up that the female students here don't take good care of their clothes because the collars on their sweaters are all stretched out. In fashion rhetoric, these are called cowl-neck sweaters, and girls, if you can't fold the collar, you would be better off by not even owning one.

The girls also seem to have good foresight because in the middle of winter, it looks as though they are anticipating the Milwaukee River to overflow its banks. With gaucho pants, the girls could survive Noah's flood ten times over.

Furthermore, the fashions of the thirties are coming back as the length of dresses drops below the knees, much to the consent of parents. As for the boys, they wouldn't be seen dead at Homecoming without a three-piece suit. And moth balls are becoming common once more as are Shetland wool sweaters with your initials monogrammed on them.

In addition to that, Levi's, bright ski sweaters, and down-filled vests and jackets are always in perpetual popularity.

Finally, to wrap things up, scarves are seen once again on both girls and boys as the Great Winter of '77 is taking its toll on the people and the fashions.

WONDER WOMEN

The Homestead Letterwomen's Club is a new organization founded this year. Its purposes are: to develop a sense of unity in all women athletes of Homestead High School, to further good sportsmanship, to encourage mature responsible citizenship, to promote a well-rounded athletic program, to aid in obtaining complete facilities and equipment, to support and take pride in all Homestead teams, and to encourage a healthy winning spirit throughout the entire school.

"Women's sports have been long neglected in Homestead. Forming this club is the first step in improving the situation. We have gotten off to a good start and we hope the club will continue in future years." - Kathy Popp

"Many people seem to think the Letterwomen's Club is a bunch of girls sitting around talking. Well, our club is much more than that. Sure, we sit around and talk, but what we are talking about is ways to improve Homestead Girls' Athletics. Our main goal is to bring all the sports together and give equal support and recognition to ALL sports. We need support from the school and if we would get this support we would have an excellent Girls' Athletics Department. --Amy Svoboda

Talk

We hear it every day,
Different sounds from different places.
They're unique, just as the faces.

For most of it there is a reason,
Some meaning behind it all,
A whisper, a plea or a call.

Parts of it we don't understand.
We may, at times, ask for more
As a key to open a door.

Thru all the sounds we hear
We must listen to know what they say
For they all have a meaning
-in their own special way.

(Mike Zibell)

My Life

Lights flare, music brims.
People talk as each light dims.
The sound is demur,
For it's the overture.
Backstage are people,
And characters too---
Spines tingle; with goose bumps anew.
People backstage start to get scared.
They start to stutter; as others mutter.
The curtain goes up
As stage lights go on.
Characters oozing; with costumes donned.
And then it all ends,
Curtain calls are a must.
And then it comes, the settling of dust.
Everyone leaves, the stage is bare.
There's nothing left,
'Cept the echo of the air.

(Jim Cramer)

All things hidden inside the heart
soon come up to the tongue.

Jill Schoenick

Thank you for your friendly smile,
...your cheerful ways,
...and for making days more worth-
while,
...thoughtful things both said and
done,
...and especially for being you.

Jill Schoenick

We need not talk much,
Actions can show what we feel,
True feelings expressed.

(Mike Zibell)

A Man is silent,
so no one hears.
A Man whispers,
so people wonder.
A Man talks,
and people listen.

(Randy McDonnell)

NEW THOUGHTS

From time eternal, men have
yearned
To find the meaning of
life,
Thoughts of horror and joy they taught and
learned,
And pondered in great
strife,
They wrote their notions and questions
down
To preserve for a future
race,
But when the writings were finally
found
They were considered to be of true
face.
Those who question these
"truths"
Are met often with the
reply
That it's a misdeed to ponder these
views,
For of this we don't
qualify;
But we are a new
generation
Who have no fear of the
new,
Who can have our own
revelation
Of what we believe to be
true!

(Gary Jahn)

To hear is to learn.
To listen is to be alive.
To speak is a privilege.
But communicating makes us strive.
To listen and to learn, to speak and to live,
This is why we have something to give.
Be it love, or be it advice,
Be it bad, or be it nice.
But give is to love, to love far and wide.
So listen brothers, one and all.
Speak to everyone, large and small.
Solve your problems with a tongue uncurled
So that we all may live in a more perfect world.

(Jim Cramer)

RHYME AND REASON

The TARTAN usually shows student life almost exclusively through pictures. This year we decided to demonstrate some of the creativity at Homestead through student writing. We reasoned that the best way to find poems dealing with various kinds of communication was to hold a poetry contest. So these are some rhymes we chose.

"We don't ask for much out of life-
Just a little tune money
Just a little munchy money
and every now and then...
Just a little--"

A collage of black and white photographs of students in various sports (basketball, volleyball, track, swimming, etc.) with the word 'STARS' in large, stylized letters across the center. The collage is decorated with numerous small white stars. The word 'STARS' is written in a large, bold, serif font, with the letter 'A' containing a star. The background is a grid of various sports action shots, including basketball players jumping for a shot or rebound, volleyball players digging for a ball, track athletes running, and swimmers in the water. Some photos show students in uniform with numbers like 33, 52, 50, 34, 40, 24, 20, 10, 32, 12, 39, 42, and 43. The overall theme is celebrating student athletes.

Those Who Stay Will Be Champions
Quitting comes easy for many people. Many do not want to pay the price to be a winner. It requires little effort to be a loser, and anyone who tries can be most successful. The "solid citizens" who finish my "course" will be better men as a result of having stuck it out. The boy who sets his mind to do what is required of him in order to be a winner is not only the type of boy we are looking for, but he will get the most from the program. Those who stay will be champions and will become winners not only on the football field but in life itself. Coach Brodie

"I have thoroughly enjoyed my
first year as Head Coach of the
Homestead Cross Country teams.

I wish the graduating Seniors
the best always. We will miss
them next year. A fine team nu-
cleus will return for the 1977
season which should be another
great year for the running High-
landers." - Coach Esrael

VARSITY

"As I complete my 18th and final year as head basketball coach at Homestead, I feel some regret but this is far outweighed by the many happy memories I will retain. Many of the best memories will be of this season. Our record was poor however, this does not tell the story of the quality of young men that I worked with. To be a big winner would have been a plus, but this year's team was a winner regardless of the number of games won.

It is very easy to get discouraged and let up on effort and desire during a losing campaign. We had none of this. Each practice and game saw the Highlanders putting forth maximum determination and hard play. This is the Key to Success for each boy, whether it be basketball next season or in any endeavor they undertake.

Our students supported us well this year and that is appreciated. I hope we "win 'em" all next year."
-Coach Peregrine

At the point in which the book went in, the season record for Varsity basketball was 4-14.

To the members of the 1976-77 Junior Varsity Basketball Team:

"The success of any season is not always measured in games won or lost, but how dedicated and intense you gave of yourselves so that we as a team could put forth our best effort. Although we had problems in the first part of our season, you stayed tough, and kept trying. Many times, especially during our practices, you kept working hard to improve For all of you there lies ahead success if you are willing to dedicate and sacrifice yourself so that the goals of growth, maturity, and stability can be achieved by all of you. Make yourself and Homestead High School the BEST! We need you in our programs."

"The 1976-77 wrestling season was a rebuilding year for the mat-men with disappointments, but also some bright points. The bright points would have to be a great group of Freshmen and Sophomores to build on for the future; great enthusiasm and hard work from Juniors and Seniors; and most important, a change in team attitude, with pride, confidence and a believing spirit. A 5th place finish in the region out of twelve teams, 5th place in the Port Invitational, several tournament champions and place winners with a State qualifier, tell the story about this year's team. I feel the team showed vast improvement through out the season and with alot of work and determination, may prove to be a winner next year." -Coach Burbach

SKI TEAM

The boy's 1st team ended the season tied for twelfth place. The second team was twenty-fifth out of twenty-nine teams. Sophomore Stuart Winter was the most consistent skier. He ended the season among the top 20 individuals in the conference. The 2nd girls team was 20th out of 22 girls teams, but the number 1 team qualified for conference finals and finished 7th. The highlight of the season was a 1st and 2nd place finish for Lisa Smith and Debbie Lawson at our second race that combined with Sue Cutler's score for the teams only first place win. Debbie Lawson went on to place among the top ten girls in the conference.

Next season looks very promising with only a few losses of team members due to graduation. This year's freshman and sophomore classes are especially promising and gained a lot of experience this year.

Girls' Varsity Basketball

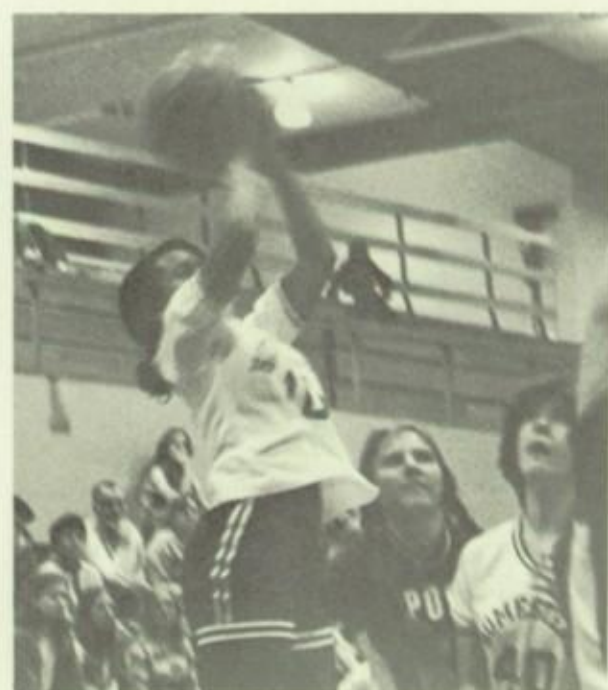

"The girls' basketball program progressed satisfactorily during the 1976-77 season. Although we would all like to have won more games, the improvements in fundamentals achieved this year will result in more victories in the future. While it is not the primary objective in our program, winning is important if we are to develop a positive program. Next year we will have a solid nucleus of five returning seniors, Loretta Cade, Suzy Lindsay, Karen Griffin, Karen Prickett, and Amy Svobda, plus two juniors, Angie Hilgendorf and Tami Brodie. Help will come from the Junior Varsity which posted a fine 10-6 record this year and played well in almost every game. Perhaps the highlights of the season were our three game winning-streak in early January and our two games against Cedarburg. We lost the first game to them by two points, but beat them the second time by two. Statistics show that our greatest weakness as a team was poor shooting, both from the field and the foul line. A lack of height hampered our rebounding effort. The greatest strengths of the team were an excellent, hard-working defense and great spirit. It would have been easy for the girls to get down while losing, but they approached every game with a positive attitude. It was this fine attitude that I appreciated most about the season and I look forward to next year with great anticipation. Suzy Lindsay and Loretta Cade were elected captains for the season. As we entered regional play, our most valuable and most improved player awards had not yet been determined." - Coach Curran

GIRLS' GOLF

The Homestead High Girls' Golf Team completed an outstanding season last fall. Under the direction of Coach Julie Gould, the Highlander linksters came close to winning their second straight Braveland Conference crown.

The team consisted of 3 seniors, 1 sophomore, and 4 freshmen. All seniors were 3rd year golfers and are the first to receive their letters and numerals under the new awards system adopted by the Women's Athletic Department of Homestead.

Ranked 1, 2, and 3 were seniors Stephanie Farwig, Jane Lies, and Kathy Popp. They did an outstanding job for the team holding averages in the 40's. Stephanie and Jane shared medalist honors in 12 of the 14 meets. Miss Farwig was runnerup medalist in the State Meet at Lawsonia this year.

Freshmen Katy Lies and Mary Jo Anzia rounded out the starting 5. Katy proved to be a promising number one on next year's team consistently lowering her scores. We have hopes that she can qualify for the State Meet next year also.

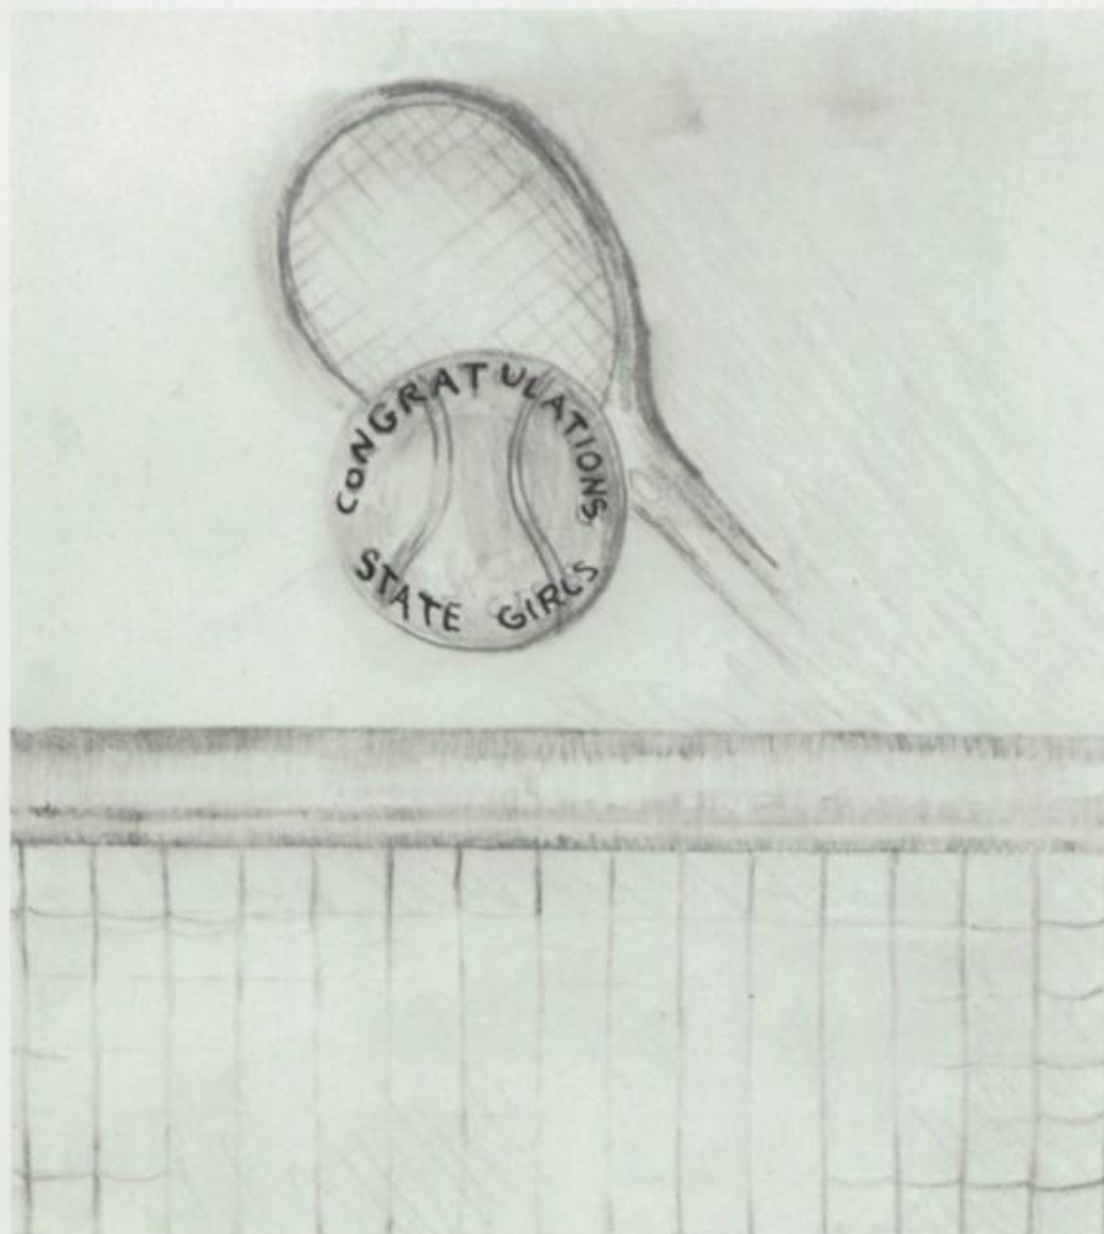

They were nosed out in the Braveland Conference finals by Brookfield Central, the team they had defeated the previous year. It was Homestead and Brookfield Central qualifying out of the Regionals and Sectionals to participate in the State Meet.

"I feel the season was a total success as a team and for each individual. I'm looking forward to next season and the returning freshmen to do another outstanding job," said Coach Julia Gould.

Girls' Tennis

This year's Girls' Tennis Team displayed their talents quite well in both State and Braveland Conference Competition. The girls' team under the coaching of Mrs. Schulte placed fourth in the Braveland Conference with a score of seven wins and three losses. Keeping in the consistency of their high goals, the girls then took fourth in State, beating out one of our Braveland teams. This year, only three girls went to State compared to six girls that competed last year. The girls that went to State this year were Chris Mitchell, who placed number four in singles, and Diane and Sharon Lathrop, who placed fifth in doubles. Over all, the team did a great job; we hope the best for next year's team and say good-bye and thank you to the departing members of the team.

As witnessed by the students of Homestead, lettermens club took a more active role in school life this year. This involvement was due to several important reasons. The lettermens attitudes were great, people wanted to get involved, make club projects work, and do work assigned to them. Often people would offer to do work before someone asked them to do it. The board of directors was made largely of very responsible people, enthusiastic about club activities and very dependable in getting the job done. The final ingredient in the clubs activeness was Mr. Esrael who not only advised the club but became very active in it. - Chris Buntrock

AFS

AFS has been growing for over 60 years. Evolving from its earlier days as a volunteer ambulance corp during both World Wars to become the largest student exchange program in the world today. AFS has opened doors of understanding and awareness between cultures since its beginning, reaching out to more than sixty nations of the world through scholarship programs enabling high school students to live with a family in another country for a summer, semester or a year. It has been in existence at Homestead since its beginning, and has increased its membership every year. It is administered here on a cooperative basis between the school administration, the Homestead students and interested people in the community. We have had 35 foreign students and sent 25 abroad. This year again we have two foreign students with us, Toy from Thailand and Wendy from England, and we plan to send four Americans abroad, Judy Magnusson, Paul Roselle, Adrian White and Jim Cramer to almost any place in the world. In most cases the students come to our school as seniors, and graduate in June with our senior class, living with a family in either Thiensville or Mequon, and learning about American life. In return our own student body has gained some knowledge of the foreign student's country and some understanding of another culture. AFS reflects worldwide student, family and volunteer involvement, and as the world grows smaller, global understanding becomes more important. We think through AFS we can become a link to other peoples of the world, and hopefully our understanding will help in some small way.

A circular brown stamp or seal, possibly a library or archival mark, located at the bottom center of the page.

The image shows a close-up of a book cover with a repeating pattern of the word "TARTAN" and the number "77". The pattern is rendered in a dark, hand-drawn style. In the background, a newspaper clipping is visible, with the words "MILWAUKEE", "Want to", "NOT ON", and "Store" partially legible. The overall aesthetic is that of a vintage or indie book design.
